List of Residential Attendees attached.

Dino Lucarelli opened the meeting by welcoming the attendees, introducing the design consultant (JMT) staff in attendance, the representatives from Lake County and Elected Officials in attendance. He then gave a very brief description of the meeting's purpose. All attendees were encouraged to ask any questions and to share any questions or concerns that may be relevant to the project or corridor.

The PowerPoint presentation included the following information:

- Project location
- Schedule
- Project commitments from the Preliminary Engineering Report
- Existing land use
- Current and future development
- Project design of roadway improvements
- Right-of-Way
- Three stormwater pond scenarios which will require right-of-way acquisitions

At the end of the presentation the audience was asked if they had any questions/comment. Those questions/comments and a synopsis of the answers are given below:

C-1 *I would like to see the bike path continue along the north side to SR 19 (north side).*

A-1 Comment noted.

C-2 *We do not want the bike trail extended to SR 19.*

A-2 Comment noted

C-3 *I do not want drainage going onto my property from the roadway because of the current flooding problems on the property. (This property is located directly across from Tavares Ridge Blvd.)*

A-3 Comment noted

C-4 *The Commissioner suggested getting with the School Board to develop a school bus stop near the Tavares Ridge entrance.*

A-4 Comment noted.

With no more questions, Mr. Lucarelli stated all comments will be considered. Meeting was adjourned.

The above statements represent a true and accurate account of the discussion during this meeting to the best of our knowledge. If there are any conflicts, misrepresentations or omissions with the above statements please contact Dino Lucarelli at (407) 562-4962 within five (5) days of receipt of these minutes.
